

Willett Builders, Inc. Continues Construction & Upgrades for Erie County Medical Center

BUFFALO, NY— Willett Builders, Inc., a full service construction firm comprised of contracting, construction management, and fabrication divisions is pleased with their ongoing work for Erie County Medical Center (ECMC.)

The scope of work involves the demolition of old parking ramp & construction of new ramp for emergency entrance. In addition, ground floor renovations of the stretcher access to emergency wing.

Upgrades include new mechanical, electrical, and plumbing systems. New interior improvements & modifications throughout the stretcher access wing & corridor.

Healthcare is one of Buffalo's largest sectors, and given that ECMC is a powerful brand in the region, Willett Builders is very happy to bring these enhancements to life.

"ECMC is one of the regions' largest hospitals that provides quality, innovative care to thousands of people," said Willett Builders, Inc., owner Ryan Willett. "Improving the facilities and upgrading important facets will really make an impact to the thousands of ECMC employees, as well as to those seeking quality care in Western New York & Southern Ontario."
