

### **Willett Builders, Inc. Opens New Headquarters In The City Of Buffalo**

BUFFALO, NY — June 1, 2019 / MarketersMedia/ — Willett Builders, Inc., one of New York State’s fastest-growing [commercial construction firms](#), is pleased to announce the official opening of their new headquarters in the city of Buffalo, New York. Expanding the company’s presence in Western New York, this most recent move supports the company’s multi-year strategic growth initiative.

“We could not be more thrilled about opening this new headquarters in Buffalo,” said owner, Ryan Willett. “This move is what will allow us to not only have more of a presence among Western New York’s growing business hub, but it will give us greater access to key clients and partners, facilitating additional collaboration on some amazing projects in the area, and beyond.”

Along with an expansion of their physical footprint, the Willett Builders team will also expand their firm’s vision. Through their ever-growing partnerships and continued excellence in their end-to-end delivery method, their team is actively working to create a more dynamic, capable, and widespread business that leads the world in building smart buildings and cities across the globe and keeps spaces more connected, sustainable, and adaptable to a constantly changing global community.

Willett went on to say, “Simply put, Willett Builders is positioning itself to stay ahead of the curve in our industry. With over 35 years of experience in the construction space, our long-term vision is to elevate this industry with the work we put forth, which we believe to be the best quality of construction available. Furthermore, we are actively pursuing education in green and smart building technologies, which will enhance the lives of all involved. As a team dedicated to excellence and innovation, we look forward to being able to enlarge our territory and deliver even more high-quality projects for clients in our area.”
